

To Packers and Growers of PINEAPPLES

Why use inferior goods when you can obtain the best for the same money? Your pineapples will arrive in the market in better shape if wrapped properly. If you have never used the United Paper Company's "ELK BRAND," write me for samples and prices.

Dollars Doubled by the use of "Blakeslee" Gasoline Pumping and Irrigation Outfits.

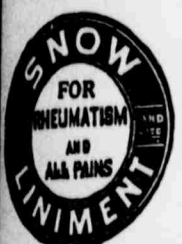

The practical service these outfits have given in the hands of the fruit and truck growers is proven by the fact that our customers made large profits this season while their neighbors, who did not irrigate, were not able to mature their crops, and lost money. It will pay you to investigate this, and write for catalog 16 telling you how it is done.
